

## One-on-One Support from Cancer Survivors

**Note: My NM Care corner is not intended to replace clinical care or management by a healthcare provider. If you have a medical emergency, please contact your healthcare provider.**

Sometimes it just helps to talk with someone else who has had cancer. At such times, one-on-one support is available from a cancer survivor who has received treatment for the same type of cancer.

These local and national non-profit organizations can connect you with a survivor whose experience is similar to yours.
